Order Code: KYB-MED104V2SCUB

Accuratus Accumed 104V2 - USB 105 Key Sealed IP68 Smart Card Reader Medical Keyboard - Black

About

The 104V2 Smart card is a high spec keyboard with internal scissor key, key structure to offer excellent tactile typing and a long lifespan. Beneath the silicone latex free fully waterproof covering is a full plastic keyboard, this contributes again to excellent typing feel and prolonged durability. Located on the top right side is a Smart card reader, perfect for access control within the NHS, GP surgeries and other security protected computers.

The Accuratus Accumed range of medical grade keyboards & mice are specifically designed for environments which have to meet very high hygienic requirements such as hospitals, dental practices, cosmetic surgeries, doctors, vets, laboratories and in food & pharmaceutical production areas. Not only could these keyboards be used in hygienic areas, they would also be perfect in dusty, dirty and wet situations like workshops, boats and in vehicles. Our Accumed range have all been designed so that there are no areas around the keys and buttons where dirt and germs can collect, the AccuMed 104V2 is quick and easy to wipe clean, the perfect combination to aid with bacteria, virus, fungi and algae control.
